

SPiRAL Scavenger Hunt

MULTIPLE REPRESENTATIONS

Check off each activity as you complete it!

Work to complete 4 of the 8 activities.

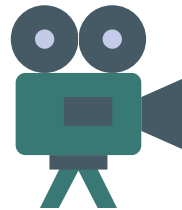

Follow the QR code or go to mathspiral.com to view the Multiple Representations resources on the website.

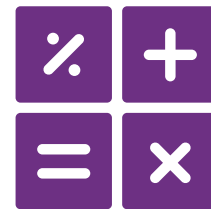

Review
Resources
tab

Discuss how you teach a math concept using different types of representations - concrete, pictorial, and abstract.

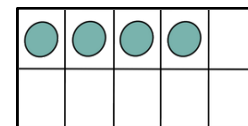

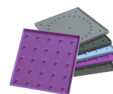

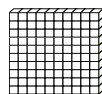

Watch & Reflect:
One video for each model of fractions (length, area, and set).

Watch & Reflect:
One video for each operation.

Using SPiRAL videos as a guide, choose a math concept and practice using concrete manipulatives.

Use the
Manipulatives
One-Pagers to
discuss how you
can use hands-on
tools in your
classroom.

Follow the QR code or go to bit.ly/srpowell to explore virtual manipulatives.
